

The Arbitrator Harris Bock, assigned to hear my Arbitration Hearing against the corrupt Travelers Insurance, has **insanely and biasedly** passed a Ruling barring me from excluding the **“fully documented” fraudulent expert witness report** from their hand-picked expert witness Dr. Stephen Fedder, that Travelers Insurance is illegally using in their defense to **deny** my justified injury claim requiring 6 life-threatening spine operations.

**Enclosed is Bock’s criminal ruling** insulating Travelers Insurance from paying my injury claim! Bock deliberately excluded me from exposing Travelers **“fully documented”** fraud and corruption in **EVERY Ruling Bock issued** which is so damn criminal!

The action before the Arbitrator involves two parties the Plaintiff and the Defendant. Accordingly, evidence will be limited to matters involving these two individuals. **Other entities such as Travelers and individuals identified in the Plaintiff's Exhibits are not parties to this proceeding. Accordingly, any evidence regarding them is irrelevant and will be excluded**

Unbelievably, Bock permitted Travelers Insurance to use a fraudulent expert witness report in their illegal defense to DENY my injury claim which is FULLY DOCUMENTED and constitutes felony offenses!!!!!!!!!!!!!!
